Please visit our website, [www.quakerfunds.com](http://www.quakerfunds.com), for performance of all available share classes updated monthly.

\*The net expense ratio reflects a contractual commitment by the Fund's investment adviser to waive fees and reimburse expenses through November 1, 2017. Absent the waiver and reimbursement, performance would have been less favorable. Furthermore, any waivers and reimbursements made by the Adviser to the Fund are subject to recoupment by the Adviser within three fiscal years following the time at which the Adviser waived fees and/or assumed expenses for the Fund provided that such recoupment does not cause the Total Annual Operating Expenses to exceed the Annualized Expense Ratio in effect at the time of the fee waiver and/or expense assumption, or the fee recoupment.

Class A Shares of the Fund have a maximum sales charge of 5.50%. On June 7, 2010, the Pennsylvania Avenue Event-Driven Fund (Pennsylvania Avenue Fund), a series of the Pennsylvania Avenue Funds was reorganized into the Quaker Event Arbitrage Fund. Prior to the Reorganization, the Pennsylvania Avenue Fund did not impose a sales charge.

Performance data quoted represents past performance; past performance does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance of the fund may be lower or higher than the performance quoted. Performance data current to the most recent month end is available at [www.quakerfunds.com](http://www.quakerfunds.com) or by calling us toll free at 800.220.8888.

The S&P 500® Total Return Index is a widely recognized, unmanaged index consisting of the approximately 500 largest companies in the United States as measured by market capitalization. You cannot invest directly in an index.

This chart illustrates the performance of a hypothetical \$10,000 investment made in the Fund on inception. It assumes reinvestment of dividends and capital gains, but does not reflect the effect of any applicable sales charge. This chart does not imply future performance.

## INVESTMENT STYLE

- Quaker Event Arbitrage Fund is a multi-strategy event-driven fund that focuses on capital appreciation while taking less risk than traditional equity investing.
- The Fund Managers position the portfolio tactically based on the prevailing macro environment in combination with the number of attractive events that exist in the marketplace.

\*Forward looking based on historical data. These figures do not reflect forecasted results for the Fund. Estimates are only projections and not guarantees.

**KEY DEFINITIONS**

**Price/Earnings Ratio:** The Price/Earnings Ratio or P/E Ratio is a stock's current price divided by the company's trailing 12-month earnings per share from continuous operations.

**Price/Book Ratio:** The price/book (P/B) ratio of a fund is the weighted average of the price/book ratios of all the stocks in a fund's portfolio.

**Price/Sales Ratio:** A stock's current price divided by the company's trailing 12-month sales per share.

**Long-Term Earnings:** The long-term projected earnings growth rate for a stock is the average of the available third-party analysts' estimates for three- to five-year EPS growth.

**Historical Earnings:** The historical earnings growth rate for an investment is a measure of how the equity earnings per share (EPS) have grown over the last five years.

**Sales Growth:** The percent increase or decrease in sales over a given period of time.

**Book Value Growth:** The weighted average of the growth rates in book value for each stock in the fund's portfolio.

The Fund invests in "special situation" securities, as a result of merger arbitrage and capital structure arbitrage, as well as engaging in short selling, which involves special risks and requires special investment expertise. The Fund invests in foreign securities which involve greater volatility and political, economic and currency risks and differences in accounting methods. The use of derivative investments exposes the Fund to the potential lack of liquidity, increased transaction costs and possible losses greater than the Fund's initial investment.

Fund holdings, sector allocations, and asset allocations are subject to change and are not recommendations to buy or sell any security.

**Mutual fund investing involves risk including the possible loss of principal.**

**Consider a fund's investment objectives, risks, charges, and expenses carefully before investing. The Statutory, and where available, the Summary Prospectuses contain this and other important information and are available for download at [www.quakerfunds.com](http://www.quakerfunds.com) or by calling 800.220.8888. Read carefully before investing.**

**FUND ADVISER:**

**QUAKER FUNDS, INC., BERWYN, PA**

The premise upon which Quaker Funds, Inc. was founded is the desire to afford everyday investors access to the same tactical allocation strategies used by professional money managers. Quaker Funds has been marketing alternative strategies since 1996.

**PORTFOLIO MANAGERS:**

**THOMAS F. KIRCHNER, CFA**

Mr. Kirchner has been responsible for the day-to-day management of the Fund since its 2003 inception. Prior to joining Quaker Funds, Inc., he was the founder of Pennsylvania Avenue Advisers LLC and the portfolio manager of the Pennsylvania Avenue Event-Driven Fund. From 1996-1999, Mr. Kirchner worked as a Bond Trader for Banque Nationale de Paris S.A. In 1999, he was retained by Fannie Mae as a Financial Engineer. Mr. Kirchner is a graduate of Kings College, University of London; Institut d'Etudes Politiques de Paris and University of Chicago Booth School of Business. He has earned the right to use the Chartered Financial Analyst designation.

**PAUL HOFFMEISTER**

Mr. Hoffmeister joined Quaker Funds, Inc. in 2010. His most recent experience has been as Chief Economist of Bretton Woods Research LLC. He served as the Director of Market Strategy at Polyconomics from 2004-2006. While there, he worked as Chief Economist with Jude Wanniski, one of the three godfathers of supply-side economics. Mr. Hoffmeister's experience includes trading derivatives on the S&P 500 at the Chicago Mercantile Exchange, as well as trading the Kospi 200 Index on the Korean Stock Exchange. His insights have been quoted in the financial press including Bloomberg and Reuters. He has appeared on CNBC's "Kudlow & Company" and has written for National Review Online and Forbes. Mr. Hoffmeister has served as a Senior Policy Advisor to a number of presidential campaigns. He is a graduate of Georgetown University with a BS in Accounting and Finance.
